.....*per cent.*.....

The following pages are simply advance sheets of our New Illustrated Catalogue, to be issued complete in July.

In mailing a lot of Price Lists, we do not always know for certain whether the dealers to whom we send them really keep goods in our line, and wishing to avoid giving Discounts to parties not entitled to know the Wholesale Prices, we do not print hereon the rate of Discount.

All sensible dealers will approve of our effort to keep knowledge of Wholesale Prices confined strictly to the Trade.

If you are dealing in

ACCORDEONS, VIOLINS, HARMONICAS, STRINGS, ETC.,

please send us your Business Card, and we will inform you the Discount on Prices herein, and put your name down for a Complete Catalogue.

(Dealers now buying of us need not send cards.)

## PREFACE.

---

Having enlarged and improved our assortment, and many changes in prices having taken place since issue of our last Catalogue (1878), it became necessary to issue a new one, which we herewith present to the Trade.

In it will be found descriptions of a fine assortment of goods in our line, with prices noted at latest quotations, in all, but a very few cases, showing considerable reductions from former rates.

As new styles of the various goods appear we shall add them to our assortment, and at proper time issue an Appendix to this Catalogue.

To avoid unnecessary correspondence, dealers entirely unknown to us, in sending orders are requested to give the names of houses here or elsewhere with whom they deal, as references. All business men will acknowledge the necessity for this rule. We will not fill orders, even on thirty days, for dealers whose business standing we do not know.

Respectfully soliciting continuance of favors from our old Customers, and Trial Orders from other Dealers,

Very truly,

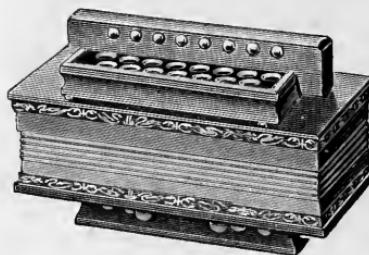

C. BRUNO & SON.
